

2018 AgVenture Farm Tour

The Coachella Valley Chapter of California Women for Agriculture (CWA) is pleased to be taking conference attendees on an AgVenture Farm Tour of the Coachella Valley!

You will...

- be guided through a date garden where you will watch workers harvest this unique fruit that loves the warm desert heat.
- see how farmers and ranchers bring the Colorado River water into the Coachella Valley to grow the many crops that the farmers produce.
- see the sorting and packing process for citrus.
- see how farmers prepare the land to grow the many winter vegetables that they harvest when it is too cold to farm in other parts of California.
