

What is Ag in the Classroom?

Agriculture in the Classroom is a non-profit organization designed to help students learn about agriculture and the role it plays in their lives and in California's economy and society.

Great Course. Great Cause.

Nationwide is proud to be the Signature Sponsor of Ag in the Classroom's 2017 golf event at Poppy Hills. We are proud to support California Foundation for Agriculture in the Classroom's efforts. As a company founded by farmers with the Ohio Farm Bureau in 1926, Nationwide has a long history connected to agriculture and understands the value of educating consumers of all ages about the origins of their food. We share the vision of an appreciation of agriculture by all and encourage others to participate in this great program.

This fun-filled golf event is a wonderful opportunity to play golf at the prestigious Poppy Hills Golf Course in Pebble Beach, California while supporting agricultural education at the same time. Join us for a spectacular day of golf and opportunity to network! Register today!
